

Stop Losing Time and Money to Paperwork and Guesswork

Every day, trucking companies lose valuable hours to manual data entry, misplaced delivery receipts, endless check-in calls, and spreadsheet confusion. **HaulBoX fixes this permanently.** By connecting your drivers, dispatchers, managers, and owners onto a single real-time platform, HaulBoX automates your back-office paperwork, tracks your fleet with live accuracy, and gives you total visibility into every load and every dollar.

★ WHY CHOOSE HAULBOX? KEY COMPETITIVE ADVANTAGES

One Platform for Your Whole Operation

Drivers, dispatchers, managers, and business owners all work from the **same real-time system**. No more scattered text messages, phone tag, or lost paperwork in glove compartments.

Paperwork Handled 100% Automatically

Rate Confirmations are **read automatically the second they are uploaded**. Paperwork is sorted into cloud storage, and signed delivery receipts are emailed straight to brokers without manual effort.

Zero Tasks Fall Through the Cracks

Every driver updates their status daily, every document is verified for clarity before acceptance, and every driver payout is tracked from delivery to confirmation.

Real Visibility, Zero Guesswork

Know exactly what is happening in your business at any second: **live truck locations**, accurate arrival times, revenue earned, payouts due, and true business profit margins.

Built to Scale: Single-Stop & Complex Multi-Stop Loads

Whether your fleet runs simple point-to-point loads or demanding routes with multiple pickups and drops, HaulBoX **automatically detects stops**, requires separate paperwork for each location, and keeps every leg of the journey organized without extra administrative overhead.

 THE RIGHT EXPERIENCE FOR EVERY ROLE

 Driver Role (Mobile App)

DRIVER CONVENIENCE

- Simple ID & PIN login: Fast access, zero confusion, no wasted time.
- Instant photo quality check: Eliminates blurry receipts and billing disputes weeks later.
- Live payment status visibility: Drivers always know when they're getting paid.
- Phone camera document upload: No more faxing, flatbed scanners, or office detours.
- Built-in multi-stop support: Easily handle multi-drop routes without app frustration.
- Automatic location sharing: Ends repetitive "where are you" dispatch check calls.

 Dispatcher Role (Web Command Portal)

OPERATIONS EFFICIENCY

- One focused dashboard: Manage assigned drivers and loads without juggling tools.
- End-of-day driver status check: Gentle reminder ensures all daily updates are logged before 5 PM.
- Live GPS map & automatic ETA: Answer customer and broker questions instantly with confidence.
- Side-by-side document review: Catch paperwork issues immediately before loads close.

 Manager & Admin Role (Full Oversight)

TOTAL CONTROL

- Full operational visibility: Complete oversight across every dispatcher, driver, and load.
- Instant account management: Add new drivers, dispatchers, and owners in under two minutes.
- Consolidated daily driver reports: Review daily fleet summaries without chasing anyone down.
- Standardized load lifecycle: Every load follows the same verified process from start to finish.

 Business Owner Role (Executive Mobile Dashboard)

FINANCIAL PEACE OF MIND

- Executive financial summary: See gross revenue, driver pay, and estimated profit in real time.
- Auto-generated business reports: Daily, weekly, and monthly financials ready with zero effort.
- One-tap driver payment approval: Approve and mark settlements paid instantly from your phone.
- Trend charts & forecast estimates: Make strategic fleet decisions backed by real operational data.

 STANDOUT CAPABILITY: 100% AUTOMATED PAPERWORK

How HaulBoX Eliminates Back-Office Data Entry

Paperwork delays are the #1 reason freight payments get delayed. HaulBoX turns hours of weekly document shuffling into an instant, automated flow:

**1. Upload RC**
Drop in Rate Confirmation

**2. Auto-Read**
Extracts rates, dates & stops

**3. Cloud Filing**
Organized in Drive by load

**4. Auto Email**
Approved BOL sent to broker

**5. Auto Records**
Logged into Google Sheets

✓ **Zero manual re-typing:** Rates, pickup facilities, and delivery stops are captured automatically.

✓ **Never lose paperwork:** Every document is securely organized and accessible anytime from cloud storage.

✓ **Multi-stop route intelligence:** Stops are recognized and tracked as separate delivery milestones.

✓ **Faster broker billing:** Approved BOLs are emailed to brokers immediately, speeding up invoice settlement.

 BUILT ON TRUST, SECURITY & ACCURACY

Enterprise-Grade Confidence for Your Fleet

-  **Protected Access:** Role-restricted logins with automatic brute-force lockout safeguards.
-  **Auditable Payouts:** Clear payment states (Ready to Pay, Paid, Disputed) ensure zero duplicate payments.
-  **Real-World Proven:** Thoroughly validated across all load lifecycles and daily operational conditions.

Transform Your Fleet Operations Today

“HaulBoX brings your drivers, dispatchers, managers, and owners onto one connected platform — automating the paperwork, keeping everyone updated in real time, and giving you complete visibility into your business. **Less chasing, less guesswork, more control.**”
